

All sessions run in CEST

		Virtual Room 1	Virtual Room 2	Virtual Room 3	Virtual Room 4	Virtual Room 5	Virtual Room 6	Virtual Room 7	
08:15 – 10:15	Morning session	SY BREAST Triple negative and NST breast tumours with distinct patterns: implication for prognosis, therapy and molecular testing	SY Joint Swedish Society and H & N New molecular aspects in the definition of salivary gland neoplasms	SPEC Joint ESP & ICCR & IARC ICCR: past, present & future	SPEC Joint ESP & TR & IT Training pathologists for the digital era – e-pathology, e-education and e-learning	SY THYM Immunohistochemical and genetic tests in the diagnostics of mediastinal tumours	SY Joint AUT & NEURO & MOPA & CARD Research on autopsy material	CP ONE-DAY SYMPOSIUM	
10:45 – 11:15		Keynote Lecture Muzlifah Haniffa (UK)							
11:45 – 13:15		Industry Satellite Symposia							
13:45 – 15:15	Afternoon session	SS BREAST Challenging cases in breast pathology	SS Joint DIGE (GI) & ECCO Inflammatory bowel disease	SS PULM Rare lung tumours	SC Joint MOPA & MD Impact of the in vitro diagnostics regulation (IVDR) on molecular pathology diagnostics	SS Joint IAC & CYTO Diagnostic pitfalls in cytopathology	SS AUT Reporting the cause of death. The art of constructing a chain of events	CP ONE-DAY SYMPOSIUM	
15:45 – 16:15		Keynote Lecture Julia A. Bridge (USA)							
16:45 – 18:15	Evening session	SY Joint VA & BREAST Contemporary issues in breast pathology	SC DIGE (GI) The appendix: not always “easy”	SS PULM Systemic diseases involving the lungs	SY Joint NEPH & EM EM contribution to kidney biopsy diagnostics	LC Joint CYTO & HAEMA Lymph node pathology	SC AUT Talking to clinicians about autopsy – or how to increase the autopsy rates?	CP ONE-DAY SYMPOSIUM	
18:45 – 19:45		Highlights of the day				General Assembly of the Trainees Sub-committee
