Congress Information

Congress Venue
Swedish Exhibition & Congress Centre (SECC)
Mässans Gata/Korsvägen
412 94 Gothenburg, Sweden
www.svenskamassan.se

Congress Website
Further and updated information will be available on the internet at www.esp-congress.org.

Congress Language
The official language of the 33rd European Congress of Pathology is English.

Technical Exhibition
The 33rd European Congress of Pathology will be accompanied by a major technical exhibition. Potential exhibitors can request an exhibition/spONSorship brochure from the exhibition office, CPO HANSER SERVICE GmbH at ecp-gothenburg@cpo-hanser.de.

CME – Continuing Medical Education
The ESP is seeking approval from the European Accreditation Council for Continuing Medical Education (EACCME) to provide CME credits for the scientific programme of the congress. These credits are recognised by the American Medical Association towards the Physician’s Recognition Award (PRA). More detailed information will become available prior to the congress on the congress website www.esp-congress.org.

Hotels in Gothenburg
CPO HANSER SERVICE GmbH has reserved a large number of rooms in various hotels in Gothenburg, in different price categories. The majority of the hotel rooms are located close to the Swedish Exhibition & Congress Centre (SECC). Reservations will be possible online at www.esp-congress.org shortly.

City of Gothenburg

Gothenburg is the largest non-capital in the Nordics and located on the beautiful west coast of Sweden. The city is encircled by rocky shoreline, deep forests, tranquil lakes and the surging sea to the west.

Gothenburg is a flourishing green city with a vibrant cultural scene and an interesting history. With its light summer evenings and colourful autumn days, Gothenburg is where you can experience the real Sweden.

Gothenburg is an open and accessible city. All you need is right in the city and you can get everywhere on foot.

It is also easy to get there. Gothenburg Landvetter Airport is just 20 minutes from the city centre and you can get direct flights here from more than 65 European cities.

Dear Colleague,

On behalf of the European Society of Pathology (ESP) and the Swedish Society of Pathology we would like to invite you to Gothenburg, Sweden, located on the beautiful Swedish “Atlantic” west coast, to attend the 33rd European Congress of Pathology (ECP 2021). ECP 2021 will be held from 28 August to 1 September at the Gothenburg Convention Center “Svenska Mässan” located downtown in the heart of Gothenburg.

The motto for the ECP 2021, “Compass for Optimal Patient Therapy” alludes to Gothenburg’s strong maritime tradition being the largest port in Sweden. During ECP 2021, Gothenburg will be the capital for European international diagnostic and academic pathology. Pathologists and their collaborators, molecular biologists, geneticists, bioinformaticians, and information technologists will meet to share recent and important advances in our discipline that offer the latest diagnostic, prognostic and predictive information needed in the best patient care. For ECP 2021, the ESP working groups will prepare state-of-the-art organ-based sessions while collaborating pathology and clinical scientific societies will interact in joint scientific events. Exciting topics in the field of molecular pathology, digital pathology, AI in pathology, quality assessment, education and public awareness will be part of the scientific programme. Four keynote lectures by distinguished international experts will highlight fascinating topics in pathology and beyond. Thematic symposia on interstitial lung pathology and molecular findings in salivary gland tumours of diagnostic and predictive importance will take place.

The industry exhibition, as usual, will be of great interest to all participants and the Gothenburg Convention Center is perfect for the central positioning of the exhibition area ensuring a frequent exposition for all meeting participants to industry exhibition booths.

Gothenburg is a lively and exciting city, especially at the turn of the summer. Days are long and light and the outdoor bars and restaurants are buzzing with friendly locals and international visitors. Everyone attending will be truly inspired by the city’s world leading sustainability efforts and entrepreneurial spirit, qualities that were recognized by the EU that awarded Gothenburg European Capital of Smart Tourism in 2020.

We look forward to welcoming you and sharing with you a memorable time in charming Gothenburg!

Holger Moch
President of the European Society of Pathology

Göran Elmberger
Chair of the Local Organising Committee of ECP 2021

<td>Opening Ceremony of the 33rd ECP</td>
</tr>
</tbody>
</table>

The aim of the organisers is to provide an up-to-date scientific programme covering all major areas of diagnostic, translational, molecular and investigative pathology. Special emphasis will be put on recent developments in pathology, particularly in the applications of technologies linked to molecular understanding, and strengthening the role of continuing close clinico-pathological cooperation for patient benefit.

The core programme, prepared with a strong input from the ESP Working Groups and Affiliated Societies will encompass the following topics:

- Autopsy Pathology
- Breast Pathology
- Cardiovascular Pathology
- Cytostatopathology
- Dermatopathology
- Digestive Diseases Pathology
- Electron Microscopy
- Endocrine Pathology
- Gynaecological Pathology
- Haematopathology
- Head and Neck Pathology
- History of Pathology
- Infectious Diseases
- IT in Pathology
- Molecular Pathology
- Neuropathology
- Ophthalmic Pathology
- Paediatric and Perinatal Pathology
- Pathology in Favour of Developing Countries
- Pulmonary Pathology
- Soft Tissue and Bone Pathology
- Thyroid and Mediastinal Pathology
- Uropathology

A wide range of clinically orientated and scientific sessions will be offered, comprising Slide Seminars, Short Courses, Symposia, Videomicroscopy and Special Sessions, as well as Oral Free Paper and Poster Sessions.
